The Gemstone 3218-D has been a popular large/small bowl combination sink over the years. This 60/40 design is reversible allowing the small bowl to be on either side of the large bowl giving versatility and customization to the sink user. The shallower prep bowl is ideal for use with a garbage disposal. The center drains are easy to install with a traditional look. The 3218-D provides a seamless kitchen sink in any solid surface sheet material, acrylic, polyester or blended. This sink fits well in a 36" cabinet.

Gemstone Sinks are compatible and warranted when used with all major solid surface sheet brands with the same sheet warranties.

Gemstone supports conservation and green building practices. Gemstone Packages all products in 100% recyclable packaging using boxes made primarily of recycled paper.

Gemstone sinks are proudly made in the USA and certified by:
