

60" x 32" LST-L Shower Pan

Left Drain

OD: 60" x 32" (1524 mm x 813 mm)
Threshold Height: 2 1/2" (63.5 mm)
Rough Opening: 60 1/4" x 36 1/4" (1530 mm x 820mm)

The Gemstone 6032LST-L, 2 1/2" low clearance threshold is designed as a bathtub replacement shower pan with a left drain (Right is also available). The option to add an optional factory applied patented membrane system to the shower pan is perfect for eliminating the risk of leakage at the most vulnerable point between the threshold of the shower pan and the flooring that adjoins, allowing the pan to be tied into a tile or flooring system. The non-slip texture meets and exceeds the F462 COF testing while being very easy to clean and the 1" water dams allow any wall system to be securely added. The grid system on the bottom of the pan has designed locations where elastomeric adhesion can be used to secure the pan to the substrate which is an advantage over other brands.

Gemstone shower pans carry a 10 year factory warranty when installed in accordance to the Gemstone installation instructions

Drain Layout

Center of Drain is 16 1/8 x 8 9/16" from left stud wall
A 6" core is recommended for drain clearance*

*Check all building and fire codes prior to installation
